HOW TO PARTICIPATE

TEAM REGISTRATION – PURCHASE A TEAM NUMBER

1. The Team Number allows the purchaser to put together one team of two to seven participants. Team Numbers do not need to be affiliated with a school or organization. There are no restrictions on how a team is assembled or selected.
2. The Team Number entitles a given team to participate in a Team Challenge at any Level defined within the Destination Imagination program structure.
3. Once a Team Number is purchased, the purchaser may buy additional Team Numbers at a discount price. The purchaser may distribute the additional Team Number(s) in any quantity as long as each team formed remains under its control and responsibility.
4. Make sure that your team is the only team competing under your assigned Team Number. Each team must have a distinct Team Number.

IMPORTANT INFORMATION

Some locations have laws regarding children who attend private schools and participate in public school activities. Follow the laws of your state, province, school district or organization before Destination Imagination rules.

STEM & LITERACY PATHWAYS

STEM & Literacy Pathways for Early Learners is the most recent and innovative product to be developed by Destination Imagination (DI) for Early Childhood. Pathways is designed to prepare 3-to 6-year-olds with a jump start in literacy as well as science, technology, engineering and mathematics (“STEM”) concepts, while promoting critical and creative thinking skills. These skills, combined with DI’s unique and proven style, aim to increase social, emotional, and educational outcomes for participants.
