

2018-19 Team Challenge Preview & Selection FAQ

Thank you for your recent 2018-19 Team Number purchase. Which exciting Team Challenge will your team choose to solve? **Beginning September 1, 2018, you can preview and select this season's Challenges.** We've highlighted the steps to preview and select your Challenges below. If at any time during the Challenge preview and selection process you get stuck or have a question, please contact us at AskDI@dihq.org or by phone at 1.888.321.1503.

To preview the Team Challenges in full, you'll need to add your Team Number to the Resource Area and then access your team's dedicated page. (Note: If the original Team Number purchaser, such as a school coordinator, has already set up your team in our system, you can skip Step 3 below.) After adding a team to the Resource Area, the Team Manager will be able to view the Challenges in full and make the team's final Challenge selection.

Let's get started:

1. Log in to the Resource Area. If you do not have an account, click the "Welcome" tab and select "Create New Account."
2. Go to the "Teams" tab and select "My Teams."
3. Click the "Add Team" button in the "Actions" pane. Enter the Team Number and Order Number OR enter the Team Number and purchaser's zip code. Then click "Add Team Manager."
4. Click the pencil icon next to your team's listing. This will take you to the "Edit Your Team" page.
5. To preview all of the Challenges, click the "View Digital Challenges" button. This will open a new browser tab, taking you to the folders that host all of the full versions of the 2018-19 Challenges. (Please note that Rising Stars teams will only have access to their noncompetitive Challenge and will not have access to our competitive Team Challenges.)
6. Once your team has decided on their preferred Challenge, select that Team Challenge using the corresponding drop-down menu. Select your Challenge Level as well and click "Save."

Important: The Team Manager must make sure the final Challenge selected is the one their team plans to solve for the purpose of competing in a tournament and click the "Mark as Chosen Challenge" checkbox. For more information on deadlines to select your final Team Challenge, please contact your [Regional or Affiliate Director](#).

Don't Forget: Your Affiliate may require that you register on their website in order to participate in local tournaments. Be sure to preview your Affiliate's website to make sure your registration is completed at both the local and national level.
