

# Digital Open 2022 Special Awards

## **DaVinci Award**

**Team 800-91578**

**Independent - Naturalis Astrum**

### **Awards Ceremony:**

A DaVinci Award is presented to team Naturalis Astrum for the outstanding creativity and craftsmanship demonstrated through their use of puppetry.

### **Website:**

This team used puppetry to bring their solution to life. Each level of their Game of Life included unique scenery, props, team-created marionettes, and movement, all demonstrating outstanding creativity and craftsmanship. These artistic components were visually stunning, but also served as metaphors for a larger message about mental health. Congratulations to team Naturalis Astrum on your DaVinci Award!

## **Renaissance Award**

**Team 800-28806**

**Frisco ISD**

### **Awards Ceremony:**

The team from Frisco ISD has earned a Renaissance Award for excellence in filmmaking, including filming, editing, and special effects.

### **Website:**

Team 800-28806 from Frisco ISD has been awarded the Renaissance Award for excellence in filmmaking. Their thoughtful use of digital and practical effects included transitions, music, shadow puppetry, and impressive shots. This work created a moving story and showed the full potential of what can be created in a virtual format.

## **Renaissance Award**

**Team 800-81134**

**Karachi American School - Future Five**

### **Awards Ceremony:**

Team Future Five earned a Renaissance Award for their quality performances and effective filmmaking techniques.

### **Website:**

Congratulations to team Future Five on their Renaissance Award! This team demonstrated effective filmmaking skills and impressive special effects, bringing to life a suspenseful action

thriller that had the Appraisers at the edge of their seats. Additionally, their performances embodied complex, larger-than-life characters which greatly enhanced their story. Well done, Future Five!

**Renaissance Award**

**Team 800-38667**

**Szkoła Podstawowa im. Bolesława Chrobrego w Żórawinie**

**Awards Ceremony:**

Congratulations to the team from Szkoła Podstawowa im. Bolesława Chrobrego w Żórawinie. This team receives a Renaissance Award for excellence in designing, staging, filming, and editing scenes depicting a portal in the forest.

**Website:**

Team 800-38667 from Szkoła Podstawowa im. Bolesława Chrobrego w Żórawinie has been awarded the Renaissance Award for superior work in designing, staging, filming, and editing scenes depicting a portal in the forest. Their use of a mirror, natural scenery, and a giant, team-created mushroom carried the audience virtually into a make-believe world where time travel through a portal is possible. Great work, Dzikusy!
